Broken Sound Club of Boca Raton, FL Thanks so much for your rave reviews, Arlene! We're thrilled you enjoyed the concert, and yes... we do know how lucky we are to have Sue and Al!

January 20 at 5:53am

Dear Member,
Can you believe that March will be here in only a few days (as I am writing this). Time really does fly by.

Everyone is hard at work finalizing all of the details that go into any construction project. The architects are completing all of the detailed plans and will have final drawings very soon. Initial permit requests have been made with the City and are being reviewed presently. Our interior design firm has had three (3) meetings with the Club's Design Committee and I know that they are all very excited about the project as the beginning choices are taking place. Our Long Range Planning Committee is meeting with our contractor and architects every week pouring over the minute details that go into every construction project. Everything is in excellent hands.

Our timeline is very tight but with the progress that is being made very realistic. The Fitness Center and Pool Deck area including our new Bistro Grill is on schedule to open prior to next Thanksgiving with the Spa following within 4-6 weeks.

But what about the intermediate period you ask.... as of this moment we are on schedule to close our Pool Facility right after the Easter/Passover Holiday period and the same will apply to our Fitness Center. That translates to a

closing sometime between April 19th to May 1st.

Your management team has arranged for reciprocity with both Woodfield and the Polo Club for use of their fitness centers. Details on this will be given to you as the date approaches.

In addition the Club's Media room will be converted into a temporary fitness facility with aerobic and weight equipment being installed there. The sliding doors of our Card room will be closed and the back room will be converted into a temporary facility for various types of aerobic classes each morning until 11AM. Laurel Pointe has graciously agreed to let the Club utilize its pool for water aerobics in the morning. Lastly we will be setting up a temporary facility for manicures, pedicures and facials.

We value all of our employees that work in these areas and your Club is working on a program to maintain their services so that they will be here to greet you when our beautiful new facilities open.

Yes, you will have some inconveniences; however an attempt has been made to limit these in every area possible and I know that once this final construction phase is completed we will all appreciate and be proud of our Club's facilities and enjoy all that it offers.

Till next month, remember that each and every day counts; appreciate them for what they have to offer and do not waste them on trivia.

Best regards
Ivan Snyder, President
Board of Governors

Boca Raton Regional Hospital's International Patient Services Program

is designed to offer international patients state-of-the-art medical care in an environment tailored specifically to meet any patient's needs. International patients choosing our program for their healthcare needs will experience world-renowned physician expertise, superior nursing care and cutting-edge technology found in only the most advanced medical centers. International Services also recognizes the unique needs of individuals from other countries and provides a spectrum of personalized services designed to make for a most extraordinary patient experience.

Great Shots

Carol Smith had a Hole in One during League Day - January 31st. She aced hole 12 with a 5 iron. Congratulations!

The Lesson Academy this year has many options. There is still time for you to improve your game with our P.G.A. Instructors. It is never too late to rejuvenate your game with good fundamentals and proper technique and that is exactly what you will get with any of the Lesson Academy programs. Just ask any Academy member. It should not be hard to find them; they tend to be the tournament winners and those out playing consistently.

Club Course News

by Scott Feller, PGA Director of Golf

Dear Golfers,

Broken Sound held several unprecedented events this January. The Ladies kicked it off with two identical Ladies Member Guests on January 16th and 17th. The Men's Member Guest was in full swing on January 18th. With three elaborate events in the same amount of days, the Members and their Guests were treated to the best of what we do here at Broken Sound.

This year's Ladies Nine Hole Charity Event was to benefit the Lynn Cancer Institute at the Boca Raton Regional Hospital. There was a front nine flight and back nine flight thanks to the overwhelming response of our mem-

bers and some very lucky guests that attended this year's event. Breakfast was served before and elaborate lunch afterwards with an awards ceremony that included gifts and raffle prizes.

This year's Club Championships were contested in two consecutive weekends. The format was Match Play. Eight Players from each flight had to qualify on the first Saturday. Those eight were seeded and began Match Play on the next day. The following weekend had the semi finals on Saturday and the finals on Sunday. Congratulations to our 2011-2012 Champions Ron Murstein and Nancy Jo Feinberg. Check out the results for the other Flights.

Old Course News

by John Skaf, Director of Golf - Old Course

With much of the country feeling the effects of Mother Nature's winter season, we hope you are enjoying the warmth and sunshine of south Florida.

January was a very busy month filled with many events, featuring our annual Bash at the Bridges, Mixed Member Guest. The event was filled with great camaraderie, fun events and great food. The first flight gross winning team was comprised of Rick & Ellyn Penn and their guests, Scott & Heidi Schuster. The net winning team in the first flight was Louis & Paula Glazier along with their guests, Bob & Shari Fineman. The second flight winning gross team was Lee & Linda DeVisser, along with their guests, Joel & Liz Marx. The net winning team of the second flight was Burt & Lynn Bines along with their guests, Neil & Dorothy Hickey. The third flight winning gross team was Larry & Diane Levine and their guests, Jerry & Maxine Berman. The third flight net winning team consisted of James & Clarine Lanting and their guests, Nasser & Ingrid Djafari. Taking the honors in the fourth flight gross division was the team of Elliot & Andrea Weintraub along with their guests, Seymour & Florence Metnick. The fourth flight net winning team was Harvey & Trudi Feinman and their guests, Alan & Stacey Brumel.

Both the OCMGA (Old Course Men's Golf Association) and the OCVGA (Old Course Women's Golf Association) held multiple events throughout January, including an inaugural Men's Night Out event held on January 23rd.

As the season continues, we still have many men's and ladies day events scheduled throughout the coming months, along with the Men's and Ladies Member Guests in March and a couple's mixer to be held on March 18th. The Old Course Club Championship begins

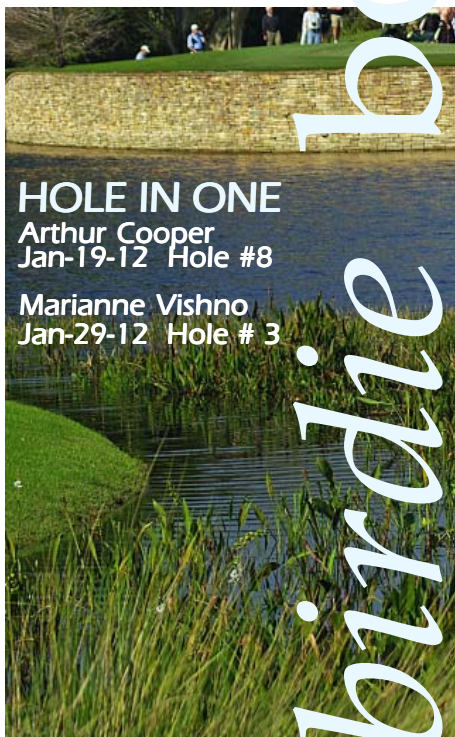

qualifying on March 3rd and matches will be played March 4th, 10th & 11th. Also, the Men's closing day will be held on April 16th and the Ladies on April 19th. The Old Course will also host the Swing for Charity event, scheduled for April 15th.

In addition to a full schedule of events, we still have many equipment demo days from leading manufacturers.

The golf course continues to be in superb shape and we ask you to please remember to rake the bunkers, fill divots and repair ball marks.

We invite you out to enjoy all The Old Course has to offer and should there be anything we can do to help in any way, please don't hesitate to let us know.

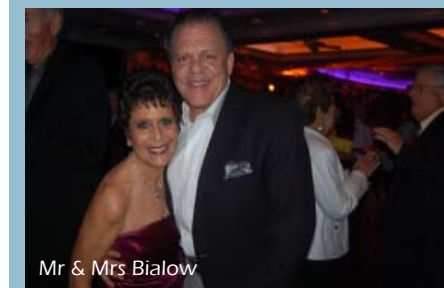

Very best wishes,
The Old Course Staff

MAINTENANCE

Joseph Hubbard, CGCS
OLD COURSE

Now that the Allianz Tournament is over for the year, we proceed into the full gambit of key Members' Tournaments for this season. If the weather continues to hold, it will be one of the warmest winters in history. With the tepid atmosphere the course will continue to remain pristine green and detailed with early turf growth. The experiment of keeping the ropes off the course and traffic curtailed to the most susceptible areas (i.e approaches, green surrounds and entrances from the tees to the fairways) has worked to date. We will watch for future weather events that may prevent us from always doing that each year but for the most part we will cautiously favor the members ability to access the course unrestricted with exceptions to the aforementioned. It is your golf course! Protect it as much as you can by obeying the rules and the etiquette of the game.

For the past several years, as play increased and the Old Course gained notoriety and National exposure, we knew that the tee boxes were lacking in size and in some instances, quality turf. With input from Mr. Jim Casty (Green Chairman), John Skaf (Head Professional) and Phil Peterson, (Old Course Superintendent) we were able to summarize a master spreadsheet to expand multiple individual tees, combine several others and overall replace the tifspport Bermuda turf with the Sealsle 1 Paspalum sod we already have on several tees. The good news for the Old Course members is that the tee expansion and regrassing has been approved for this summer.

With more teeing space and quality turf to hit from, your golf course experience will be even better than it has been in the past. The logistics of where to start and anything planned for this summer will be an ongoing discussion between the Green and Golf Committees, ProShop, Mr. Crean and our Maintenance Department. We will keep you posted as to the order and time frame the project is to be instituted.

MAINTENANCE Joseph Hubbard, CGCS CLUB COURSE

As I am writing this letter, the Club Championship has started and will be fought for over the next week. The greens currently are in remarkable shape and putting very true and consistent.

The rest of the golf course has never looked better, especially at this time of the year.

I have submitted an aerification schedule for both golf courses to all the powers (proshops, food & beverage, golf committees, green committees, etc) so everyone can coordinate their dates for outings. I always take in to consideration holidays, South County League, Palm League, Emerald League, etc. when making out our maintenance schedule. The next Newsletter for May and June will have the dates for all the summer tournaments and aerifications closings.

A SIDE NOTE OFF THE FAIRWAY

Joseph Hubbard, CGCS/CEMP

It was inevitable that I was going to get the call about "that stuff hanging off those sickly looking Oak Trees on the golf course". Several homeowners and golfers have inquired when I was going to remove the Spanish Moss (Also called Grandfather's Graybeard or Florida Moss down here in the South) because it was killing the trees.

Actually the Spanish Moss is not being removed from the trees as the Oaks that have the most are the ones that survived several hurricanes, the extended periods of drought and the record cold of the three winters previously before this awesome winter. Spanish Moss is not a parasitic invader but an opportunistic epiphyte (plant that grows on top of another plant but does not depend on it for nutrition). It is an air plant that lives upon other plants (I believe more so, on the thinner trees but that is not always 100% true) such as the Oaks on our golf courses. Spanish Moss absorbs nutrients and water from the air and rainfall. It is not a biologic parasite such as mistletoe that extracts nutrients out of the tree. The moss creates its own food. It just happens to be in the trees and has become quite the commodity for flower stores and nurseries that package dried moss for displays. There are even reports of groups targeting golf courses and stealing the moss out of the trees to sell to other golf courses and those nurseries. If kept misted lightly with water the moss can be kept alive and transplanted in other trees to thrive.

As a sentimental person, I love the look because it reminds me of my youth living around the southern United States. I remember seeing the dramatic displays of Spanish Moss hanging down during lazy sunsets giving one the eerie charm we once knew growing up in simpler times. So during your time around the golf courses, take note of a special display by Mother Nature for our enjoyment and breathe in the moment..

Ladies Team Tennis Division 6

Learnin' With Vernon Tips & Strategies For Fun & Successful Tennis!

WHEN CAN I LOB

You should lob the ball dependent on what you or your opponents do based on the following scenarios.

- 1) When your opponents are too close to the net it is a good time to lob. This does not mean your opponents are merely at the net (i.e. the service line). They must be several feet inside the service box.
- 2) You should lob if one or more of your opponents are poaching. This will slow down the number of times the person poaches and will keep the ball away from the aggressive net player. Lob cross court first. Lobbying over the net person may be challenging if your lob is short. That means trouble for your team.
- 3) You should lob if your opponent has difficulty hitting an overhead or moving backwards.
- 4) You should lob when you are off balance or out of position when at the baseline. When possible, hit this lob to the baseline person with emphasis on height.
- 5) You can lob off the return of a serve. Although this is a risky shot, hitting a lob on the return, over the net person's head is a great strategy for opponents that serve & volley or the net player that poaches immediately after the opponent's partner serves the ball.

Lobbying is a great tool that will give you time and put your opponents in a precarious position.

SPA AND FITNESS

Manager's Minute

April is stress awareness month

The Spa is not just a place for pampering; it's also a sanctuary for stress relief and relaxation. Stress can lead to many unwelcome side effects, including high blood pressure, decreased immunity function and reduced energy levels. It may also negatively impact your attitude and your appearance, aggravating such conditions as acne and eczema.

Visiting our spa can aid in stress reduction, offering a chance to relax, rejuvenate and refresh with any number of our spa services. Massage alone is proven to not only reduce stress, but decrease anxiety, enhance sleep quality and improve concentration, as well as aiding in injury prevention and recovery.

Our spa treatments not only relieve existing symptoms but they also provide the tools for long term prevention of the elements that create stress in your life. The spa experience can assist you in living a life of greater health, energy, happiness and well-being.

Think about it - Wouldn't you rather invest in your health and well-being now than end up in a doctor's office for stress-related illness down the road?

Come to Hadassah's exciting, educational and enjoyable programs

For Now. For Life.

Dear Friends:

We celebrate two Jewish holidays in March & April. These holidays have recorded the survival of the Jewish people throughout history.

In the story of Purim, Queen Esther, our namesake, Hadassah, was clever and strong. She influenced the king, convincing him that other political forces were against him and not the Jews, thereby saving us. During the celebration of Passover, G-d saved the Jewish first-born males, and Moses led his people out of Egypt from slavery.

These events in our history are told repeatedly in Synagogues and at our Seder tables each year. We remember the noise of the grogers spinning around and around as the name "Haman" is mentioned. We eat the bitter herbs, salt water and matzo at our Seders to remember our time in the desert before we reached the land of freedom.

So too, has Hadassah thrived for 100 years. Our membership incentive of \$100 produced 50,000 new, upgrading, and associate members as U.S. advocates for Hadassah.

Our chapter at Broken Sound also continues as a vital group in our community. Our board,

fourteen strong, demonstrates a commitment to excellence with programs and fundraisers.

On Thursday, March 1, at 11:00 A.M., Lois Cohen will present another wonderfully entertaining Lunch & Learn. This time her topic is "From Peddlers to Moguls". The Jewish merchants, Abraham & Strauss and Neiman & Marcus will be explored. Lois always includes audience participation in her presentations. She is never boring, always informative. You will be glad you attended.

On Thursday, March 8, we have another wonderful Card Party, Boutique and Brunch. We hope to be able to welcome men again and to attract sanctioned duplicate bridge players. Everyone always enjoys our Broken Sound brunches and the time spent shopping. Cards are always a bonus to a long and terrific day.

A special event is the general meeting on Wednesday, March 28 at 7:30, when we host Dr. Robert Rabil of Florida Atlantic University. Many of our Hadassah women continue to take his classes year after year. Come and see why he attracts such loyalty. His topic is "The Arab Spring - One Year Later".

Hadassah welcomes everyone to join us and to support our events. We look forward to your participation.

Shalom,

Caryle Gulker 561-912-9471

Judy Needle 201-248-5004

BOCA FRIENDS FOR CANCER RESEARCH

Boca Friends Executive Board wishes to THANK all members, residents and their guests who attended the January 26th Winter Card Party. Susan Kotkin and her committee did a fabulous job! We also thank the Broken Sound catering staff for their delicious luncheon support. This year's Party exceeded our expectations...THANKS for enabling us to donate funds for cancer research at Sylvester

Comprehensive Cancer Center.

This year's Annual Walkathon was changed from December to March 4th. It was named the "Nancy Day Memorial Walk" and was dedicated to Mr. Crean's Administrative Assistant Nancy Day, who recently passed away from cancer. The event included walking around Broken Sound, brunch, and a silent auction. Thank you to all who participated in honoring Nancy Day. Cancer touches all of us. Your donations at our fundraisers support research on ALL TYPES of cancer. Thanks to Roberta Oberman, Ruth Perel, Dorothy Isaacs, and the women who worked so hard to make the silent auction a major success.

Left to Right front seated: Boca Friends Executive Board members Paula Karp, Roberta Oberman. Standing back, L to R: Sharon Wasserstein, Marilyn Levine, Ruth Perel, President Eleanor Weisman.

Be sure to attend our last event of the 2011-12 season: The First Annual Classic, Collector and Exotic Charity Car Show benefiting Boca Friends for Cancer Research, a chapter of The Pap Corps! It's Saturday, March 24th, 10 a.m. to 3 p.m. in Broken Sound's main parking lot. There will be entertainment, a barbeque, face painting, a raffle, awards, and a grand parade at the end of the day! Cost is \$35.00 per adult, \$17.50 for those 12 and under. No charge for 4 and under. Admission includes lunch and all activities. Contact Paula Karp: 561-241-9103 or Sharon Wasserstein: 561-245-5197.

Eleanor Weisman, President

Sidney Hyman, John Crean, GM, and Stanley Morganbesser

Women's Club

What a season we have had so far! Our two most recent speakers brought huge turnouts. Dr. Joyce Saltman, Laughter Consultant, was as wonderful as ever and everyone left with a huge smile. Barbara Klein gave us some juicy details on previous presidents and their families which was fascinating and answered the question, "Why Would Anyone Want to be President?"

The demand for trips was so great that we had to run 2 tours to CostumeWorld, the Broadway Collection, in Pompano, and the women are still raving about our fabulous day there. Only one trip left and that is to Whitespace, a cutting-edge Palm Beach Art Museum which is already sold out, I'm afraid to say. Please check this

Broken Sound Newsletter in the late Summer and early Fall so you can make your reservations early for next year's out-of-club trips. We will also enclose with your Fashion Show invitation the program for the 2012-2013 season to give you plenty of time to book your flights and to RSVP for trips.

We still have 2 more wonderful luncheon meetings which are listed below. You may sign up at the Front Lobby Desk or at the Spa Reception Desk. Cancellation deadline is always 4 days prior to the meeting. If you wish to become a member of Women's Club, please call Rowena Kovler at 241-5486. We'd love to have you join us.

Marjorie Lassoff, President

LUNCHEON MEETINGS

at the Club: 11:35 AM

(speakers and events subject to change)

March 15: Celia Kener

"How I survived the Holocaust as a 7 year old child".

This remarkable story of her courage and that of the "Righteous Gentiles" who saved her may change the way you view YOUR life.

April 19: Gala Finale starring

Michael Walters, "Mr. Entertainment", One of the best entertainers we've seen!

Finish the season with us on a "high note"!
