Did You Know

By Maureen Schreiber, Director of Membership

Dear Members.

For those of you heading elsewhere for the season, we wish you a good trip and a wonderful summer. As a reminder, please call me or Jean in the Membership office to change your address for

the summer season if you wish your mail to go up north.

For everyone who will be here, please review the dining schedules in this newsletter and on the website so that you will be aware of the current schedule for the season. We also still have activities, day trips and theater tickets so remember to check the flyer racks. For those of you who play cards, members are welcome to bring one guest during the day as of May 1st. Also, there are no restrictions on guest times in the Fitness Center as of May 1st.

Also, please note that the club course will be closed and the clubhouse will be closed for dining on Thursdays from June 1st through September 30th. Lunch for all members will be at the Old Course clubhouse, and Master members are welcome to play golf on Thursdays at the Old Course after 10:00 a.m.

As a reminder, members who are here for at least five years may upgrade their membership using equity rather than cash and those qualifying Master members who are over the age of 80 may change to a Senior membership by sending in your request to the Membership office prior to the beginning of the new fiscal year on October 1st. Please call us in the Membership office for details.

Temporary Membership Exchange

All members may temporarily exchange their membership with another member in another membership category by using Unrealized Equity to pay for the exchange.

Members are allowed up to two one-year exchanges and will be in annual Fiscal Year increments Unrealized equity for the first year is \$2500 and \$3500 for the second exchange

Contact the Membership Office for complete details.

GEO Award Recognition and Congratulations by City of Boca Raton

Broken Sound Club received a Proclamation from the City of Boca Raton on April 12, 2011 in recognition of the club's GEO Certified award. The proclamation stated: "By combining environmental enhancement with corporate responsibility in greening its operations, Broken Sound Club has demonstrated its commitment to sustainability.

Mayor Susan Whelchel and members of the City Council presented the proclamation to General Manager, John Crean, Club President, Ivan Snyder, Green Energy Chairman Terry Baltimore, and Board members, Eileen Sands and Donald Schaevitz."In my 16 years I have not come across a country club more involved than Broken Sound," said Mayor Susan Whelchel. "They are the gold standard for being environmentally friendly."

Repairing Divots - Are You Doing It The Right Way? by the Green Section USGA Staff

Q: There seems to be confusion among the membership about how much divot mix should be used to fill fairway divots. Is there a proper amount? (Every Club USA)

A: The proper amount of divot mix (usually sand or a mixture comprised primarily of sand) is surprisingly small because it should be only the amount needed to replace the soil that was removed. Filling divot level higher than the existing playing surface, i.e. turfgrass canopy, is overfilling. Not only is this a waste of divot mix, but the extra sand will slow turfgrass recovery because seedlings and/or lateral regenerative growth of surrounding vegetation will be scalped by mowers. This leads to the second problem when divots are overfilled because sand particles dull and damage mower blades.

Broken Sound Club, Florida

Photograph by Joe Hubbard courtesy the Golf Environment Organization

BROKEN SOUND CLUB was Included in a National Geographic article on Environmental Golf Courses. The following is the page on Broken Sound from the National Geographic website.

The Broken Sound Club, a 36-hole prestigious members' club in Boca Raton, Florida, has hosted the PGA Senior Tour Allianz Championship since 2007 and excels at waste reduction and management, according to GEO.

"They have a fantastic community-based green waste recycling, composting, and resource reduction initiative," says GEO's Smith.

An aggressive composting program makes use of grass clippings and food waste from the property and surrounding community and the resulting nutrient-rich compost is used to help fertilize fairways and roughs, a measure that can help reduce the use of manufactured fertilizers.

The clubhouse has stopped using polystyrene cups, and the pro shops specialize in products from companies that monitor their supply chains for environmental stewardship and efficiency. *Published April 9, 2011*

Club Course News

by Scott Feller, PGA Director of Golf

By this time most of our seasonal members have arrived at their northern homes and we want to wish them all a happy holiday if we missed you before you left. But, as soon as our winter golf

season is gone our summer season is taken over with all of the fun Men's and Ladies league play, our Summer Reciprocal Program and the all new Broken Sound Junior Summer Golf Program. Come in or call the Golf Shop if you are interested in any of these programs. Believe it or not we have already begun working on next season's events.

We would like to introduce you to our new Director of Retail. Billie DeCover joined our team and brings with her a wealth of knowledge. Billie has experience working at upscale clubs as well as being a leading merchandiser in the golf shop industry. Please

stop by the Golf Shop and introduce yourself and make her feel welcome.

Closing Day Events

The Broken Sound BSWWGA and the BSMGA events were held on April 5th and 6th respectively. The women's event was held in the morning and they played a color war format with the red team being victorious. This event was not just about winning it was about spending the day with friends and competitors. Even the Pros got involved by hitting shots for the ladies on a few of the holes and the festivities concluded with an awards luncheon.

The men's event was held in the afternoon and they played a scramble format with four flights. The Pros also hit balls for them enhancing their experience. This event ended with an elaborate buffet dinner with drinks flowing. Our members sure know how to celebrate. We look forward to seeing all of you for next season's opening day events.

Old Course News

by John Skaf, Director of Golf - Old Course

With the winter months behind us and summer fast approaching, it's hard to believe yet another South Florida season is winding down.

The month of March was filled with events for the men, ladies and couples. The Club Championship

was held the first two weekends in March. Congratulations go out to all the flight winners which included, Ron Murstein (Championship Flight), Dr. Steven Rindley (1st Flight), Dr. Eliot Slater (2nd Flight), Stan Levine (3rd Flight), Bonnie Rappaport (Ladies Championship Flight) and Janet Edelstein (Ladies First Flight).

The Old Course again was a proud host to the annual A Charity Challenge event, held on March 11th. With a score of 67, the 1st place gross winners of the first flight were Howard David, Burt Bines, Ron Alexander & Gary Cohen. The 1st place net winners of the first flight had a score of 52 and consisted of Michael Mendelsohn, Peter Stein, Joel Horowitz & Robert Weinblatt. With a score of 73, the second flight winning gross team was Chipp & Vicki Adams along with John & Judy Heller. The second flight winning net team had a score of 52 and belonged to Louis & Paula Glazier and Rick & Arlene Selik. Don Pressman, Jerry Robbins, Ronald Curwin & Sidney Cohen shot a gross score of 83 and won the third flight. The net winning score of 52 won the third flight and was shot by Elisa Grabois, Linda Shapiro, Gwen Kamikow and Wendy Goldberg.

Both the Men's and Women's Member Guests were held in March. The Men's was on the 21st and consisted of a full field. There were nine flights in total with four place winners in each flight. The overall total net point winners were the team of Larry Schwartz & Larry Barenbaum. All players were treated to a day that featured a magician, displaying his amazing tricks and a helicopter golf ball drop onto the 18th green. It's a great event that continues to receive well deserved support from the membership.

The Women's Member Guest was held on the 24th and this year's motif was that of Scottish heritage. This "Classy Lassy" theme had the golf professional staff in kilts, the golf course with specially made Scottish flags and a Clubhouse ensemble of Scottish attire. In the "Murfield Flight", the event featured 1st place gross winners of Piero Martineau, Helene Simard, Elen Gendreau & Chantal Dubois. First place net winners of the flight were Margie Muskat, Janice Silverman, Sandy Sher & Sally Rousell. The "Carnoustie Flight" 1st place gross winners were the team of Andrea Ratner, Alesia Kleiner, Lauren Schor & Gale Lehner. The 1st place net winners were Susan Schaevitz, Cheryl Nowack, Soni Baltimore & Jeffrie Stern. The "Royal Troon Flight" 1st place gross winners were Tsipi Renbaum, Keri Applebaum, Phoebe Davidson & Jean Colardo. The 1st place net winning team was Lindsey Friend, Joann Celano, Meryl Cohen & Sherri Dorman. The "Kingsbarns Flight" had a 1st place gross winning team of Lynn Bines, Ronnie Shrinsky, Vicki Adams & Carol Trow. The 1st place net winning team was Susan Rudnick, Ellie Shpiz, Marsha Small & Cammy Farber.

The annual Governor's Cup was held on April 2^{nd} & 3^{rd} and featured a women's division and two full flights of men. Liz Nolan & Kathy Frank won the women's division with a two day total of 127.25. With a two day score of 125.47, Steve Scheinman & Richard Myer won the men's first flight. Dr. Steve Rindley & Norm Kamikow won the second flight finishing with a total of 127.25.

As we look ahead towards the summer season, the golf course continues to be in great condition and we ask you to continue to help keep it that way by repairing your ball marks, filling divots and raking bunkers. We look forward to continue to serve you and invite everyone to come out and enjoy The Old Course.

For those members leaving to go back north for the summer, we would like to thank you for your participation this year and hope you have a fantastic summer, full of birdies, long drives and great shots.

Should there be anything we can do to enhance your Old Course experience, please don't hesitate to let us know.

Joe Hubbard, CGCS

Summer is here and many of you are too. Welcome to the time of the year when the Bermuda grass grows through the night and day to keep our crews mowing nonstop. As we mow we will try our best to stay on

the edging of the bunkers, cart paths, sprinkler heads and keeping the ornamental beds as weed free as we can. It is our busiest time of the year agronomically so you throw in three aerifications apiece, some 25 tournaments, a few projects such as composting, rain storms and the time of the year when the crew has to schedule their vacations, we are HOPPING!

PROJECTS:

CLUB COURSE: We will undertake taking some sand off the bunker faces around the green side traps and more sand, maybe an inch, out of the fairway bunkers to give a firmer lie for playability. This does not guarantee that with a soft shot with spin you will not plug but the percentages will decrease.

Composting of several key fairways that have heavy sand and/or rock base will get at least one full application.

OLD COURSE: We have compiled a list of tee tops in need of leveling, addition of good mix in the surface and tees in need of total sod replacement or expansion. This is all based on finances and will be discussed very shortly. We are adding a few trees we have acquired from the Main Club House and will continue to add a few here and there as they become available.

Food For Thought

It Is All In The Details Lorant Botha, CHSP Catering Manager

A nickel's worth of goulash beats a five dollar can of vitamins. Martin H. Fischer

Details. Details and even more Details. That's what

true Catering is all about. Details are of the utmost importance in the process of planning a milestone event. Attention to details is what puts clients at ease, and the ultimate peace of mind is knowing that all the details have been attended to well before the event even begins.

More and more are those events, when a client has such faith in us, that they do give us free

range, and have absolute faith in all our decisions. When it does happen, it is a rare opportunity to create true magic, to create without boundaries. A successful event is one where the guests recognize the reflection of the host in the atmosphere. Any planner must recognize that before embarking on the journey.

It is so incredibly invigorating and rewarding to see people's reactions (usually jaws drop) when entering a world that you created. It makes all the hard work worth doing. We always know that we have done well, when it is not only the faces of our members that are lit up with surprise and awe, but also we excite our staff and have them involved in the process of the event.

As the quote above suggests, it is never the amount of things one offers to another, but always about the intention, quality, style and the spice.

Tips & strategies for fun and successful tennis! Playing Against Two Back

In doubles if you are playing against two players that stay at the baseline, most likely they are back because of your aggressive nature or because they are not comfortable at the net. When playing against

the two back scenario, here are a few strategies to think about:

- 1. Hit the ball short Hitting the ball short forces the player(s) to come to the net and puts them in an awkward area of the court. After hitting the ball short to bring them in, hit a lob. This is a very effective strategy, and will keep them off balance.
- 2. Play the ball deep down the middle, if hitting the ball short doesn't work. Doing so will put your opponents in more of a defensive posture because the ball is deep and they will have to decide who will return the ball and will struggle to keep the ball away from the net player on your side.
- 3. Take control of the net Putting your team in a commanding position at the net will put you in optimum position to finish the point. The open part of the opponents' court is short, so while at the net, hit the ball short or hit angle volleys when presented with the opportunity to do so.

MY SIDE OF THE COURT

By Greg Wheaton, Director of Tennis

The season is coming to an end, and I want to thank all of those who participated in all of our Club activities this year. A special thanks to all who acted as captains for the various leagues we participated in this year. It is support like this that

makes our tennis program the best.

I would like to thank 10-S Tennis Supply for their financial support for our Broken Sound Invitational. I would personally like to thank all the pros and the volunteers who helped with the Pro-Am.

GRAND SLAM LEAGUE SENIOR LEAGUE TENNIS RESULTS

Congratulations to Lewis Messulam and his team for a great season in the Grand Slam League this year. They made it to the finals but unfortunately lost in close hard fought matches. Also, I would also like to congratulate Leon Tracy for competing in the playoffs of both leagues. A special thanks to Larry Kobren, Warren Rabinowitz, Lewis Messulam, Fred Drozdoff and Leon Tracy for their relentless work of being captains for our other teams. We look forward to next year for another successful league result from all the teams.

DIRECTORS NOTE

Michael Tompkins,

Director of Fitness and Spa

Golf Fitness to Help Avoid Back Pain

One of the most common ailments suffered by golfers is low back pain.

There are a number of potential causes for this including poor posture, faulty swing mechanics, ill-

fitting equipment, muscle imbalances in the body, or just plain over-use. Golf is a physically demanding sport and the truth is that most people who golf will likely feel soreness at times in their lower back. If you are suffering from back pain and want to continue to play golf, it is highly recommended that you seek a fitness professional. They will be able to assist you in correcting your physical limitations. Here at Broken Sound Club, our trainers can specifically cater to our golfers by applying scientifically proven assessment tools and corrective

exercises, developed by the *Titleist Performance Institute*, to help fix your physical limitations.

Here are a few ideas that may help prevent or alleviate your low back pain.

Strengthen your core – It is not uncommon for people to be weak or have muscle imbalances in this area. Be sure to include exercises that target all of the abdominal, low back, and gluteus muscles

Warm-up – The golf swing is a very explosive movement that can put extra stress on joints and muscles if they are not ready for action. Do some dynamic stretching and take some easy swings to help loosen up before you practice or play.

Stretch – Having enough muscle flexibility and joint mobility to execute the golf swing properly is essential. Just 5-10 minutes of static stretching every day can make a world of difference.

Enjoy your next round!

May 2 "True Believer"

A film that will grab your attention and never let go. Based on a true story of a brilliant and courageous defense attorney with a legacy of the 60's radicalism in the values of the 80's in San Francisco's Chinatown. James Woods at his spectacular best and Robert

Downey, Jr. will leave you simply breathless!! A detailed view of the events. Modirated by Marilyn Laber.

June 6 "The Goodbye Girl"

Neil Simon has written the adaptation of his play for a film featuring Richard Dreyfuss' Academy Award winning performance and Marsha Mason's "zingy" comedic delivery. A movie which will have you laughing, crying and cheering!! Revealing Neil Simon. Moderated by Marilyn Laber.

We have come to the end of another satisfying and profitable season.

Our general meetings were well received. Particularly well attended were the US Holocaust Memorial speakers on "Auschwitz through the Lens of the SS". Dr Bernard Wollschlager wowed us with revelations about his life growing up

in a Nazi home, in his book "A German Life". Carl Rose gave us pause to think of America's future with "America Be Warned: Jihad and the Quest for World Domination". A documentary of Cantors was shown and a photo essay on Israel's history was presented. Our Lunch and Learns were educational and entertaining. It is especially rewarding to have the opportunity to discuss the ideas presented over a wonderful Broken Sound lunch. Thank you to Sheila Garber "Jews and the Black Death", Marilyn Laber "Liberty Heights", Janet Cimorelli "How to Eat a Healthy Diet", Mona Morris "Jewish Genealogy". We are certainly lucky to have so many talented women as members of Broken Sound Hadassah. Again, our program committee headed by Rose Smith did a great

Fundraising is the lifeblood of our organization and without these events and the women and men who sustain us we could not support the important projects at home and in Israel. Our two card parties are always fun and a huge financial success. Thank you to Sandy Gaynor,

Susan Slinger, Iris Malen, Ruth Levy-Platt, chairs Sheila and Paul Garber, Caryle and Ira Gulker, Arlene Goldman, Judy Needle, Eileen Breakstone, Paula Gluckman, Elaine Schwab, Jane Sonenshein, and Phyllis Meranus. The Progressive Dinner was a culinary delight. Hosts were Phyllis and Arthur Meranus, Caryle and Ira Gulker, Elaine and Hersh Aronberg. Sandy and Suzie have been the overall fundraising VPs. They have great bounce, interest, energy and ideas.

We cannot exist without the valuable assistance of Phyllis Greenblatt and Debra Steinart, two people who, year after year, have sold cards, certificates, and JNF trees for us. They are prompt and efficient. You would be surprised how \$3.50 or \$10 adds up for the year to help fill our coffers. We are fortunate to have three detail persons in Joyce Weiner, recording secretary, Cecily Feldman, bulletin editor, and Evy Udell, recording administrator, who was honored this year as Broken Sound's Woman of Valor. We thank them also for many years of service.

Our leadership team was spearheaded by our very able President, Susette Rabinowitz, who, like Truman, said many times "the buck stops here". We thank Susette for three years of diligence and dedication to the ideals of Hadassah and we know that she will continue to add her expertise and knowledge to help us improve

We look forward to next season and thank the Board for the confidence you have in us as your new Presidents.

Shalom, Caryle Gulker and Judy Needle

BOCA FRIENDS FOR CANCER RESEARCH

Every year in May, The Pap Corps, Champions for Cancer Research, presents its annual donation to Sylvester. The amount given for cancer research most often exceeds \$3,000,000 yearly. Boca Friends is one of 54 chapters with 21,000 members in The Pap Corps which is affiliated with the Miller School of Medicine at the Univ. of Miami. All of the chapters must call Boca Friends designated members for a physician referral. Boca Friends meetings are held at Broken Sound. Thanks to the continued support of Broken Sound members and residents, Boca Friends raises about \$100,000 each year through its fundraising events. We are proud that 90% of all funds raised goes DIRECTLY to cancer research at Sylvester. We thank you from the bottom of our hearts!

On April 28 at the Boca Friends for Cancer Research Spring General Meeting, Tom Jica, radio and TV writer for the Sun Sentinel entertained our members and guests at the Club. The next planned event is the summer card party in the Club's new card room. Watch for fliers and announcements giving the specific Date! There will be vendors and raffles. For more information contact Susan Kotkin, Chairperson, 998-2829.

RENEWALS for 2011-2012 membership year will be mailed in May since our fiscal year is June 1 through May 31st. If you have questions about your annual or life membership or would like to join Boca Friends, please contact Caroline Sacks, 988-1768. The Executive Board (pictured) wishes you all an enjoyable, healthy and safe summer.

To keep up to date about The Pap Corps please visit www.papcorps.org. For information about our Boca Friends chapter, please call President Eleanor Weisman, 998-8264.

Wow!! What a terrific year we had with huge attendance at our monthly luncheon meetings and great turnouts for the tour of Vizcaya and the tour, lunch and ballet rehearsal at Harid Conservatory! Our season was varied and interesting, from the "Tales for the Tabloids", to our chefs' cooking demonstrations, to our enormously popular Professor Robert Watson, to the Jacqueline Kennedy Onassis story, to our musical gala finale. Surely there was something for everyone this year!

For details of the upcoming season, please check the Fall Newsletter. It promises to be another great year, so won't you please join us? If you are not a member yet, call Rowena Kovler at 241-5486. And don't forget that your membership is automatically renewed unless we hear from you to the contrary by Sept. 1st.

I wish you all a safe and healthy summer wherever the roads may take you. Marjorie Lassoff, President
