From The Finance Committee

Presented to the right are the financial results for the nine months of the fiscal year. As previously reported, at the request of the Finance Committee, Management prepared a revised forecast for this fiscal year. The forecast includes four months actual results (October-January) and eight months of projections. The revised forecast presented for the nine months incorporates the revisions.

Revenues for the Club continue to be up. For the nine months ending June 30, 2004, our revenue is up $450,000 over the forecasted amount. Food and Beverage is up over $200,000. A large portion of this is due to increased banquet business. Management is optimistic that this trend will continue into the next fiscal year. Golf revenue is also up over $100,000 for the nine-month period, as both courses continue to get heavy play from our Members and their guests.

The increase in cost of goods sold is attributable to two factors: the increase in food and beverage sales required an additional $115,000 in food cost. The end of season sales in the pro shops also increased cost of sales, but this was necessary in order to have new goods in the fall.

Payroll and related, although slightly higher than the forecast for the nine-month period, will be coming in line by the end of the fiscal year. Other expenses are $215,000 over forecast, again largely due to increased revenue. Actual other expenses and forecasted other expenses, are both 42 percent of revenue.

As mentioned last month, our staff is presently being trained on an all new accounting system, as well as a new point of sale and food and beverage system. These systems will all be in place at the start of the new fiscal year and will be a major factor in controlling future costs. We are also in the process of changing our billing process to a more efficient system.

Mr. Siegel and I would like to thank all of the Members of the Finance Committee, as well as the Management staff for their efforts in completing this year’s budget.

Please address any questions regarding financial matters in writing or e-mail to the Finance Committee at financecommittee@brokensoundclub.org.

Club Course News

With the 2004-2005 season approaching, the golf staff and I are anxiously awaiting the arrival into our new home. Moving into the new Clubhouse is one of the most highly anticipated events this season for both the Members and staff. Currently, I have been dedicating most of my time to the preparation involved with the transition into a new golf shop. We have met with the vendors selected by the Buying Committee, and all new merchandise will be ready to hit the floor in November. Our goal is to “WOW” the membership upon their arrival into the new shop, with both merchandise presentation, and Member service. I feel this will be common to most other locations in the new facility.

Congratulations to all Men’s Emerald League players! Broken Sound Club is the 2004 Men’s Emerald League champions for the first time in Club history. This league has a reputation for attracting the finest players in local country clubs to compete in a tournament environment. Congratulations again, and we look forward to defending our title next year.

I would personally like to thank all Broken Sound Club Members for this past season. When I arrived, I was welcomed with genuine support in all aspects of the operation. Many changes have taken place, and I appreciate your patience as we progress to become one of the finest clubs in the United States. Thank you.

Tip from the Pro:

“Perfect practice makes perfect”

Let me begin by explaining why the famous quote “Practice makes perfect” is absolutely incorrect.

All too many times I have met with players who seem to be trending to a higher handicap. They insist that they are losing power, their putter has failed, or they have only hit a handful of greens in regulation during their round, resulting in a higher score. This leads to more practice time on the driving range.

However, when on the driving range, this individual works constantly on the full golf swing with irons and woods, insisting he would be a great player if only he/she could create the same great shots from the driving range on the golf course. This is also a good time to let you know that since turning pro, I have only given a handful of short game lessons, as opposed to numerous lessons that work on the full swing.

If you are losing strokes on the golf course to poor shots, re-evaluate your scorecard with this method: Keep track of how many fairways you hit, greens in regulation, putts per hole, and ups and downs you have during one round. Upon completion of play, calculate your totals in each column and identify your weaknesses. You may come to realize that your iron shots have been poor because of poor position from your tee-shots. Or, you may not be holing a lot of putts due to the fact your chip shots land so far away from the hole.

My point is this, “Practice doesn’t make perfect, perfect practice makes perfect.” Each player should approach the driving range with a particular goal in mind. It does no good to practice your driver for an hour when you really should be spending more time on your short game. The scorecard will hold the truth to your weaknesses and your strengths. Practice your weaknesses twice as hard as your strengths and watch your scores lower.

Old Course News

It is hard to believe that the summer is almost over, and we are ready to start another season. We want to wish all of our returning Members a safe journey back to Broken Sound.

We have been working on the golf course, and the summer weather has been favorable for our grow-in process. We have also used the summer to plan and prepare for the upcoming year’s schedule. The Old Course has many exciting programs and a well-rounded calendar of events planned for 2004-2005.

All of our key year-round staff will be with us again. We will also be adding staff as the season begins, so you will see some new faces working alongside the familiar ones.

Please contact our staff if there is anything we can do for you.

John Skaf  
Head Golf Professional

Happenings at the Old Course

At the time this is being written, the sky is gray and rain is finally falling on Broken Sound. With the rain, we will, hopefully, have full lakes once again in the not-too-distant future and a golf course nurtured by its moisture. Until now, we have been pumping one million gallons of water a day out of our lakes onto the golf course. The greens and fairways are in excellent condition, and work is continuously being done on the “rough.” Sodding has taken place in many areas where it was felt the grass would not grow adequately, and our grounds crew has been hard at work. All maintenance activities are on schedule.

On a sad note, Jeff Newman, our Director of Golf Maintenance, has resigned. I am sure all of you join me in wishing Jeff the best of success in his new endeavor and extend our thanks for a job well done. Joseph Hubbard has been hired as the new Director of Golf Maintenance. We look forward to working with him.

The Old Course Clubhouse is under construction and, as of the third week of July, the footings have been poured and the metal rebar for support columns are being put in place for the next stage of pouring concrete. Note from the picture left that part of the foundation/basement walls have already been poured. By the first week of September, we expect the entire basement to be poured, and the first floor should be constructed.

The ongoing question as to whether or not the Old Course should allow Non-Resident Members in the event our membership falls below a certain level is being reviewed in depth. It is our intent to make a full presentation on this subject to the membership at our first Member Meeting in November. It is a subject of great importance, which could have an everlasting impact on the Old Course.

In the meantime I hope everyone is enjoying their summer and, for those of you not here, we look forward to your return.

Ivan Snyder  
Chairman,  
Old Course Committee

We are in the midst of the dog days of summer at Broken Sound Club, and we are feeling the heat. It is considerably quieter in August than during the height of the season; however, we are by no means alone! We continue to break all records with our cover counts at the Centre Court Café, and are grateful for the many full-time residents who are with us everyday.

The next time you have dinner at the Café, be sure to request the wine list. Our Wine Committee has worked extremely hard to create the very best wine list in our area, and we hope that you will begin to be familiar with the variety of wines we offer.

We are planning our Labor Day Celebration and hope that our faithful Members will join us. You can be assured that we will exceed expectations by providing a scrumptious dinner with impeccable service in the fully air-conditioned tent. We are also in the planning stage for the Jewish High Holidays. The dinner will also be held in the tent, which will be fully air-conditioned for your pleasure and comfort.

Please allow me to reiterate some of the policies and requests that will ensure your time at the Club is most enjoyable:

- Please be respectful of other Members by keeping your reservation and being prompt. Reservations will be held for fifteen (15) minutes only. Any Member arriving more than fifteen (15) minutes late will lose their reservation. Members that do not have a reservation may be turned away.
- Cell phone use is not permitted in the Centre Court Café.

Finally, we are gearing up for the opening of the new Clubhouse. Many Members are planning private parties, and there will be numerous exciting club-sponsored events. We are all very excited about moving into our new offices and opening up the doors to our Members and having a breakthrough year at Broken Sound Club.

As always, a huge thank you to the membership for weathering the past season. We look forward to the return of our winter Members, and you can count on the Food and Beverage Department to continue to meet your expectations.

Save the Date!
My Side of the Court
by Greg Wheaton, Tennis Director

Labor Day always means going back to school, the final days of summer, the start of football season, and finally a break in the weather. All of that is true, except the part about the weather. The highlight of the weekend will be our Jai-Alai event on Sunday, September 5th, at 7:00 P.M. The following day, Monday, September 6th, join us for a continental breakfast at 8:00 A.M., and then our Labor Day Mixed Doubles round robin at 9:00 A.M. This event will require a sign-up in the pro shop.

With the upcoming season just around the corner, we remind you to pick up a schedule of events for the season and encourage you to mark your calendars so you will be available for the events that interest you.

We also remind you that this is the time of year for our court resurfacing, and we always appreciate your cooperation and understanding as we add new material to all the courts to get them in top shape for the season. If you are a new Member or just returning for the season, please stop by the tennis shop to say hello and check out any leagues or games that we may help you with this year.

SENIOR TENNIS LEAGUE
All those interested in competing in the Palm Beach County Senior League should contact Greg in the pro shop. If there are any spots on a team, they will be determined by try-outs. If you have never played or want to improve your position from your team last year, you must be rated by a certified rater provided by the club, before you may try out.

JAI-ALAI
Sunday, September 5th, at 7:00 P.M.
This event will be a throwback into time, with the pros using wooden racquets and white balls, just like we did in the early ’70s. The music will have a Motown flavor, and the play should be very interesting to watch. Come and join us as we go back in time to play the game the way it used to be played.

LABOR DAY MIXED DOUBLES
Join us Monday, September 6th, at 9:00 A.M., for a morning of mixed doubles. There will be a continental breakfast at 8:00 A.M., followed by plenty of tennis for everyone. There is a mandatory sign-up, so please call the pro shop, if you are interested in participating.

SOCIAL MIXED DOUBLES
On Wednesday, October 20th, at 6:00 P.M., we will hold our first pizza night social of the season. This is a great social event and an excellent way to meet new people. There is a $10 fee per person, with pizza, wine, and beer served following tennis.

COMPLIMENTARY CLINIC
On Saturday, October 23rd, at 12:00 P.M., we will resume our clinics to help your game and your doubles strategy. Sign-up is required for this event.

Fitness Bio: Andrea Hill
Andrea Hill joined our staff in July and is our newest trainer and floor attendant. She graduated from Florida Atlantic University in 2002, with a Bachelor’s Degree in Exercise Science and Health Promotion; she also holds a personal training certification from the American College of Sports Medicine. Currently, Andrea is a trainer and Aqua Aerobics instructor at the Athletic Club of Boca Raton.

Fitness Tip: by Chuck McElligott
Incorporate interval circuit training into your fitness routine for a surefire way to reach the next level of endurance, strength, and weight loss. Instead of spending 30-60 minutes doing aerobics and another 30-60 minutes doing strength training, combine the two for a more robust workout. Take the boredom out of your routine by spending five minutes on aerobics (treadmill, stair machine, bicycle, elliptical trainer, cross trainer) then alternate with five minutes of strength training (free weights, weight machines, rubber bands), alternating back and forth for the entire workout.

Women’s Club

Welcome back to all of you who have returned from your summer away.

As you can see by the schedule, we have another exciting and full season ahead. If you don’t want to miss any of the fun, call Rowena Kovler at 241-5486, to join the Women’s Club. It’s a wonderful way to make friends and stimulate the mind and soul.

Keep in mind that we will still be having our monthly luncheon meetings at The Polo Club in November and December. In January, however, we return to our own beautiful Broken Sound Clubhouse for the remainder of the season. (HOORAY!!!)

The Gala Fashion Show and Luncheon, our kickoff event, will be quite different this year. With a new fashion coordinator, new models, music, and the BEST of Boca and Palm Beach shops, plus a special surprise, you won’t want to miss this lovely day. Watch your mail in October for the invitation.

From all of us on the Board, stay well, and we’ll see you at the Fashion Show.

Marjorie Lassoff
President

Broken Sound Club Gives Foster Kids a Jump-Start

Broken Sound Club Members delivered crates and bags overflowing with notebooks, pencils, rulers, calculators, and other assorted school supplies, for foster teen and young adults in Kids@Home. The non-profit organization’s purpose is to ensure the safety, permanency, and well-being of teens as they transition from foster care to adulthood.

“I had an amazing response from my neighbors to collect and donate new school supplies for adolescents in need," explained Stephanie Speizman, project chair.

“I am so impressed with the generosity of our Members,” stated Sue Salkeld, Social Coordinator. “Marjorie Lassoff collected more than $200 from Members in the Fitness Center who wanted to support this project,” she noted.

Josh Marcus, teen founder and CEO of Sack-It-To-You, kicked off the project by donating 200 backpacks for all of the program participants.

According to Amy Mauth, Life Skills Coach for Kids@Home, this is a great project because kids in the program do not have money to buy necessary school supplies.

Quanda Williams, a 19-year-old Broward County resident, conveyed her appreciation for the much-needed items. Williams is currently pursuing culinary arts training at a local vocational school.

For more information, call Sue Salkeld at (561) 241-6870.
